

Listing your External Website on the Quaker Meetings Network

We're excited that your Local Meeting is interested in joining the Quaker Meetings Network with your existing external website. We offer services to integrate your meeting into our network whilst still allowing you the pros that come with running your own website.

1. Manage your Meeting's data

Our nationwide search engine (<https://quakermeeting.org/>) allows enquirers to search for Quaker meetings all across the UK. Our search engine is interactive and enjoyable to use, and helps people discover your meeting.

The default data we hold on your meeting is from BYM's "Find a Meeting" resource. It would be exhaustive for us to check over 500 records, so there may be errors in your meeting's data.

By joining QMN, you can provide accurate data we need for our search engine. You can control what address, phone number, meeting times are displayed. It's all controlled by you.

Esher
Every Sunday at 10:30-11:30
Every Wednesday at 12:30-13:00

Website
[Visit website →](#)

Address
Quaker Meeting House
3 Claremont Lane
Esher
KT10 9DP

Phone
01372 464 881

Children's Meeting
On the fourth Sunday each month

2. Link to your External Website

By default, our search engine will only show links to QMN websites. By officially listing your website on our network, we will display the link to your external website in our search engine and on your Area Meeting webpage.

Kingston
Every Sunday at 10:00-11:00
Every Wednesday at 18:15-19:00

Website (External)
[Visit external website →](#)

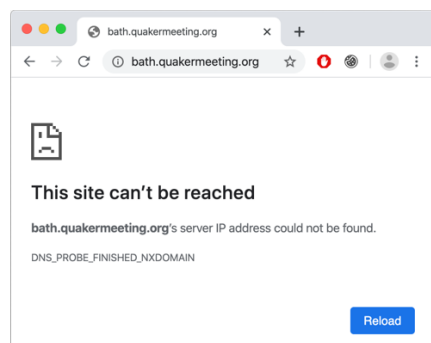

Address
Kingston Quaker Centre
Fairfield East

3. Redirect your natural QMN web address

QMN websites are "talking" URLs – if you want to visit Wandsworth Quaker Meeting, you would simply visit <https://wandsworth.quakermeeting.org/>

As QMN grows, people may expect to find your website at <https://yourmeetingname.quakermeeting.org/>

If you're not officially listed with us, visitors will get an error message (pictured right) at QMN sites that don't exist. When you officially list your website with us, we will create a permanent redirect that will channel all incoming web traffic to your 'natural' QMN web address directly to your external website!

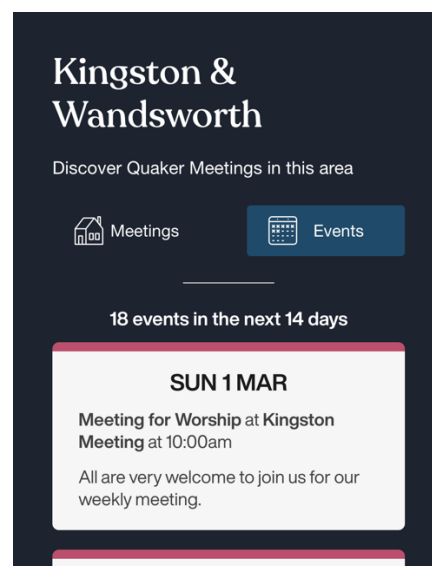

4. Add your events to your Area Meeting calendar

Our Area Meeting webpages automatically create lists of up-to-date events to make sure Friends and enquirers can find out what's going on in your area.

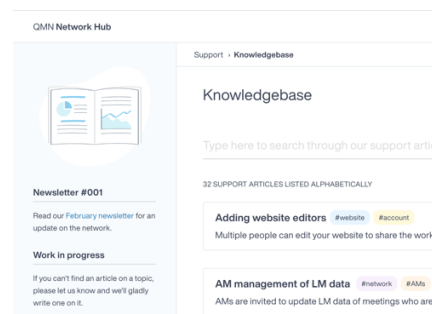

We will provide you access to your own QMN events calendar for your Local Meeting. Your events will then be shown in your Area Meeting calendar.

You will also be able to add/edit events in your AM events calendar.

5. Centralised Support

We have a large and ever-growing library of support articles for using our network. Know that someone is always there if you run into troubles.

6. Have your voice heard

QMN is a growing initiative in its early stages. We're keen to help meetings achieve even more in this digital age. By joining the network, you'll stay up to date with the project and can raise your own feedback and suggestions with the Steering Group.

We hope that this gives you an idea of all the ways QMN currently support your meeting whilst you run your own website off-network. Full terms can be found in our Listing Agreement online:

<https://quakermeeting.org/services/listing>

QMN is not supported financially by BYM and we ask that meetings support us in delivering our services. We have fast, modern, 100% green-energy powered web servers, we use professional, licenced web fonts, and we provide a heavily used Google Map API interface.

We therefore ask that your meeting contributes **£10** billed annually (83p/month) to officially list your external website on QMN and take advantage of these services we provide Local Meetings.

If you have any further questions, please don't hesitate to contact us by email at support@quakermeeting.org

In Friendship,
Team QMN
